

JIGSAW Premium Aluminium Heater

Our all new, UK made, Aluminium Panel Series Infrared Heaters are a stylish white slim Aluminium model. They are completely frameless and have an edge to blend in to any environment. These Infrared Panel Heaters are easy to install on the wall and ceiling with a "LCD style" mounting bracket. The 400w and 800w are also sized to slot discretely into suspended ceilings.

Made from premium components, our Aluminium panels are as standard produced in matt white, RAL 9003. They can be ordered in other RAL colours (At additional cost and minimum order quantities). Contact us for lead times, bespoke orders and delivery.
